UCI Machine Learning Repository

General

665 datasets across breadth of tasks and subject areas.

Affiliation: University of California, Irvine

Access: Open access, no login required.

Visit Database

Kaggle

General

>50,000 public datasets and 400,000 public notebooks across breadth of tasks and subject areas..

Affiliation: Kaggle, Inc.

Access: Open access, no login required.

Visit Database

Amazon Datasets

General

539 datasets including public health, financial data, and more.

Affiliation: Amazon Web Services (AWS)

Access: AWS account required for full access.

Visit Database

Google Dataset Search

General

>31 million datasets from >4,600 internet sources. Covers wide range of topics.

Affiliation: Google

Access: Open access, most datasets can be accessed without needing an account.

Visit Database

Harvard Dataverse

General

>178,500 datasets available containing >3 million files. Covers wide range of topics.

Affiliation: Harvard University

Access: Open access, no login required.

Visit Database

Hugging Face

General

~160,000 datasets for ML tasks, including text, images, audio, and tabular data

Affiliation: Hugging Face

Access: Open access, may require an account.

Visit Database

Papers with Code

General

Platform hosting ~10,000 datasets and >130,000 papers with code, across ML tasks

Affiliation: Various academic and research institutions

Access: Open access, may require an account.

Visit Database

Recommender Systems and Personalization Datasets

General

A collection of datasets that have been collected for research in recommendation systems

Affiliation: UCSD

Access: Open access

Visit Database

NES Music Database

General

The Nintendo Entertainment System Music Database (NES-MDB) is a dataset intended for building automatic music composition systems for the NES audio synthesizer

Affiliation: Chris Donahue

Access: Open access, no login required.

Visit Database

NASA Prognotics Center of Excellence Data Set Repository

General

The Prognostics Data Repository is a collection of data sets that have been donated by universities, agencies, or companies. The data repository focuses exclusively on prognostic data sets, i.e., data...

Affiliation: NASA

Access: Open Access

Visit Database

Data Is Plural

General

Data Is Plural is a newsletter that curates and shares interesting, useful, and diverse datasets from various domains. The datasets cover a wide range of topics, including politics, environment, sports,...

Affiliation: Jeremy Singer-Vine

Access: Public access; no login required

Visit Database

FiveThirtyEight

General

A collection of datasets used in FiveThirtyEight's data journalism projects. Topics range from politics and sports to economics and culture.

Affiliation: FiveThirtyEight

Access: Open access, no login required.

Visit Database

Reaxys

Chemistry

"Reaxys combines over a billion chemistry data points with AI to support innovation in drug discovery, chemical R&D and academia."

Affiliation: Elsevier

Access: University access required

Visit Database

PubChem

Chemistry

Free chemical database with information on the biological activities of small molecules, including compound structures, properties, biological activities, safety and toxicity information, patents, and...

Affiliation: National Center for Biotechnology Information (NCBI), National Institutes of Health (NIH)

Access: Open access, no login required.

Visit Database

ChemSpider

Chemistry

Free chemical structure database providing fast access to over 100 million structures, properties, and associated information.

Affiliation: Royal Society of Chemistry

Access: Open access, no login required.

Visit Database

UCI Chemical Database

Chemistry

A collection of datasets focused on chemical and physical properties of compounds, provided by UCI.

Affiliation: University of California, Irvine

Access: Open access, no login required.

Visit Database

eChemPortal

Chemistry

eChemPortal provides free public access to information on the properties and effects of chemicals. It links directly to collections of chemical hazard and risk information prepared for government chemi...

Affiliation: Organisation for Economic Co-operation and Development (OECD)

Access: Open access; free for public us

Visit Database

World Bank Data Catalog

Economics

6,988 Datasets focused on macroeconomics, international development, and wealth.

Affiliation: World Bank

Access: Open access, no login required.

Visit Database

GBIF

Environment

Access to biodiversity data

Affiliation: Global organization

Access: Open access, no login required.

Visit Database

NASA Exoplanets Archive

Environment

A comprehensive collection of exoplanet data, including information on confirmed exoplanets and their host stars.

Affiliation: Caltech

Access: Open access

Visit Database

EPA Outdoor Air Quality

Environment

This database contains air quality data collected at outdoor monitors across the United States. It includes quantitative measures of air quality such as pollutant levels, particulate matter, and ozone...

Affiliation: U.S. Environmental Protection Agency (EPA)

Access: Public access; no login required

Visit Database

National History Museum Data Portal

Environment

The Natural History Museum Data Portal offers access to a vast collection of natural history data, including specimens, biodiversity records, and scientific research. The database provides detailed...

Affiliation: Natural History Museum

Access: Open access; no login required.

Visit Database

EU OpenData Portal

Government

Access to 1,759,497 datasets from EU institutions.

Affiliation: Publications Office of the European Union.

Access: Open access, no login required.

Visit Database

U.S. Government Open Data

Government

Federal, state, local, and tribal datasets hosting nearly 300,000 datasets.

Affiliation: U.S. General Services Administration (GSA)

Access: Open access, no login required.

Visit Database

Open Data Catalog

Government

6,998 Datasets including databases, pre-formatted tables, and reports.

Affiliation: World Bank Group

Access: Open access, no login required.

Visit Database

Microdata Library

Government

5,539 Datasets including data collected through sample surveys of households, businesses, other facilities.

Affiliation: World Bank Group

Access: Open access, no login required.

Visit Database

Office of National Statistics

Government

>1,300 datasets on UK economy, population, and health.

Affiliation: Office for National Statistics

Access: Free access, some secure data requires application.

Visit Database

Language of Peace

Government

The Language of Peace database offers access to the text of legal and political agreements, focusing on peace agreements worldwide. It allows users to search and analyze the language used in these...

Affiliation: United Nations, University of Cambridge

Access: Open access

Visit Database

FIRE

Government

Foundation for Individual Rights and Expression has an expansive library of resources and research on free speech and due process

Affiliation:

Access: Some scraping may be required.

Visit Database

NCVS

Government

National Crime Victimization Series has detailed information about the victims and consequences of crime, to estimate the number and types of crimes not reported to police, and to provide uniform...

Affiliation: University of Michigan

Access: Registration Required

Visit Database

World Inequality Database

Government

Data on global inequality, including information on income and wealth distribution within and between countries.

Affiliation: Paris School of Economics

Access: Open access, no login required

Visit Database

NSLDS

Government

The National Student Loan Data System (NSLDS) is a comprehensive database containing information about loans and grants awarded to students under Title IV of the Higher Education Act (HEA).

Affiliation: US Department of Education

Access: Public Access, no login required

Visit Database

CourtListener

Government

CourtListener provides bulk access to millions of court opinions, documents, and filings from the United States. The data includes information from federal appellate, district, and bankruptcy courts,...

Affiliation: Free Law Project

Access: Public access; registration required for some data sets.

Visit Database

LLM Fine-tuning Datasets

Language

>20 datasets for fine-tuning language models, including coding, roleplay, and instruct datasets.

Affiliation: Independent contributors.

Access: Open access, no login required.

Visit Database

The Cancer Genome Atlas (TCGA)

Medicine

>20,000 primary cancer and matched normal samples across 33 cancer types. Includes whole genome sequence, whole exome sequence, RNA expression, microRNA, methylation, reverse phase...

Affiliation: National Cancer Institute (NCI) and the National Human Genome Research Institute (NHGRI)

Access: Registration required for controlled datasets.

Visit Database

GTEX (Genotype-Tissue Expression)

Medicine

Samples from nearly 1,000 individuals across 54 non-diseased tissue sites. Aims to study relationship between genetic variation and gene expression across multiple human tissues

Affiliation: National Institutes of Health (NIH)

Access: Some data may require dbGaP registration and approval for access.

Visit Database

OpenNeuro

Medicine

Access to 1,077 datasets with MRI, MEG, EEG, iEEG, and ECoG images for 43,318 participants.

Affiliation: Stanford Center for Reproducible Neuroscience

Access: Registration and agreement to data use policies

Visit Database

All of Us

Medicine

Aiming to enroll one million participants in the United States, this dataset includes genetic, lifestyle, and health data.

Affiliation: National Institutes of Health (NIH)

Access: Must register and may be required to submit a research proposal.

Visit Database

UK Biobank

Medicine

Extensive genetic, health, and lifestyle data for >500,000 participants

Affiliation: UK Biobank, funded by Wellcome Trust, MRC, British Government.

Access: Must register and may be required to submit a research proposal.

Visit Database

GHDx

Medicine

Health-related data, demographics and health surveys

Affiliation: Institute for Health Metrics and Evaluation

Access: Open access, no login required.

Visit Database

PhysioNet

Medicine

A repository of freely-available medical research data

Affiliation: MIT

Access: Open access, registration required for certain datasets.

Visit Database

ChEMBL

Medicine

A manually curated database of bioactive molecules with drug-like properties

Affiliation: European Bioinformatics Institute (EMBL-EBI)

Access: Open access, no login required.

Visit Database

RCSB PDB

Medicine

A collection of experimentally and computationally elucidated biomolecules including proteins and RNA, along with structures, sequence information, ligands, and various other aspects

Affiliation: UCSD, Rutgers, UCSD

Access: Open access, no login required.

Visit Database

TCIA

Medicine

The Cancer Imaging Archive (TCIA) is a comprehensive resource offering a vast collection of cancer imaging datasets. These datasets include radiology and pathology images, along with clinical data,...

Affiliation: National Cancer Institute (NCI)

Access: Open access; registration may be required for some datasets.

Visit Database

OASIS

Medicine

The Open Access Series of Imaging Studies (OASIS) is a project aimed at making neuroimaging data sets of the brain freely available to the scientific community. By compiling and freely distributing...

Affiliation: Washing University Shool of Medicine in St. Louis

Access: Open access; Need to request and state intended use

Visit Database

SEDA

Social

The Stanford Education Data Archive offers a national database of academic performance, including data on average achievement, racial/ethnic and gender achievement gaps, and...

Affiliation: Stanford University

Access: Public access; no login required

Visit Database

The ARDA

Social

The Association of Religion Data Archives provides access to high-quality data on religion, including U.S. and international data on religious groups, beliefs, and practices. It offers tools for researchers,...

Affiliation: Pennsylvania State University

Access: Public access; no login required

Visit Database

The Global Health Observatory

Social

The Global Health Observatory (GHO) provides access to health-related statistics for over 194 countries. It includes data on various health topics such as mortality, diseases, health systems,...

Affiliation: World Health Organization

Access: Open access; no login required.
